CSCU — Certified Secure Computer User

Phishing awareness, password hygiene, Wi-Fi security and mobile device protection — basic cyber hygiene for any computer user, no IT background required. 1-on-1 online training with a real lecturer.

Flexible hours

Commence anytime

1-on-1 online with a real lecturer

What You'll Learn

Covered over 10h (~2 weeks).

- 1 Fundamentals of securing data, networks and computers
- 2 Securing operating systems and understanding malware/antivirus protection
- 3 Internet security, safe browsing and social networking safety
- 4 Securing email communications and mobile devices
- 5 Data backup, disaster recovery and online privacy basics

Pricing

COURSE PRICE

R13,900

Full-service, 1-on-1 online training

COMPTIA · INTERMEDIATE

CompTIA CySA+ (Cybersecurity Analyst)

Security operations, threat monitoring, vulnerability management, threat intelligence and incident response. 1-on-1 online training with a real lecturer, from anywhere in South Africa.

● Flexible hours

● Commence anytime

● 1-on-1 online with a real lecturer

🔗 This course is part of the **Cybersecurity Analyst Career Path** — a structured, bundled route to job-ready.

[View Career Path →](#)

🎓 What You'll Learn

Covered over 20 hours.

- 1 Security operations & threat monitoring
- 2 Vulnerability management & assessment
- 3 Threat intelligence & detection
- 4 Incident response & handling
- 5 Reporting & communication

Required prerequisite courses: CySA+ builds on 4 foundational CompTIA courses, billed separately. Note: A+ certification requires passing 2 exams (Core 1 & Core 2), so the full pathway totals 6 exams, not 5.

- CompTIA Tech+ — 20h — R12,900
- CompTIA A+ — 20h — R12,900
- CompTIA N+ — 20h — R12,900
- CompTIA Security+ — 20h — R12,900
- CompTIA CySA+ — 20h — R18,900

💰 Pricing

CYSA+ ONLY

R18,900

CySA+ course alone (prerequisites assumed)

ALL 5 COURSES

R70,500

Tech+ through CySA+, full chain, no exams

FULL CAREER PATHWAY

R138,500

All 5 courses + all 6 exams (A+ requires 2) — R4,000 discount included

📖 Course Duration & Format

Duration

20 hours (~1 month) for CySA+ — maximum completion time

Payment

Full payment only (no payment plan)

Mode

1-on-1 online (MS Teams / Google Meet) with a real lecturer

Start Dates

Flexible — start anytime

Typical Cybersecurity Analyst salary (South Africa)

R450k – R750k / yr

Buying just the CySA+ exam? R12,000 covers School of IT booking your official CompTIA CySA+ exam slot, handling admin, and providing past exam papers — full-service, not the CompTIA retail price. The R138,500 full pathway price already includes all 6 exams (Tech+, A+ x2, N+, Security+, CySA+) at a bundled rate.

Full Career Pathway = best value. The R138,500 price includes all 5 courses (Tech+ → A+ → N+ → Security+ → CySA+, ~100 hours over ~5 months) plus all 6 international exams, with a R4,000 discount already applied versus paying per course and exam individually.

 Get internationally recognised skills — start your Cybersecurity Analyst journey today.

R550k – R1M+/yr

Note: International exam (optional): contact us to confirm current OffSec exam fee — includes a practical 24-hour exam.

COMPTIA · INTERMEDIATE

CompTIA SecAI+

CompTIA's newest certification, launched February 2026 — securing AI systems, understanding AI-specific threats and risks, and governing AI deployments responsibly. A timely credential as organisations rapidly adopt AI and need staff who can secure it. 1-on-1 online training with a real lecturer.

● Flexible hours

● Commence anytime

● 1-on-1 online with a real lecturer

🔥 This course is part of the **Cloud Security Engineer** Career Path — a structured, bundled route to job-ready.

[View Career Path →](#)

Note: Recommended: CompTIA Security+ or equivalent foundational security knowledge.

🎓 What You'll Learn

Covered over 20h (~1 month).

- 1 AI system architecture and attack surface fundamentals
- 2 AI-specific threats — data poisoning, model theft, adversarial inputs, prompt injection
- 3 Securing AI development and deployment pipelines
- 4 AI governance, risk management and compliance frameworks
- 5 Monitoring and incident response for AI systems

💰 Pricing

COURSE PRICE

R16,900

Full-service, 1-on-1 online training

📚 Course Duration & Format

⌚ Duration

20h (~1 month)

💳 Payment

Full payment only (no plan)

💻 Mode

1-on-1 online, real lecturer, choose your own dates

📜 Certificate

Certificate of Completion included

Typical SecAI+ salary (South Africa)

R400k – R780k/yr

International exam: optional, R12,000 — School of IT handles booking, admin & past exam papers. Full-service fee, not the CompTIA retail exam price; you're welcome to book it directly yourself if you prefer.

Note: This is a brand-new CompTIA certification, launched 17 February 2026 — one of the first vendor-neutral credentials focused specifically on AI security.

 Get job-ready skills — start your CompTIA SecAI+ course today.
