ISACA certification requirement: 5 years' professional IS auditing/control/security experience (waivers available — up to 3 years via IS experience, non-IS auditing experience, or a degree). Not a School of IT course prerequisite; you can train and sit the exam before completing the experience requirements and earn the designation once requirements are met.

🎓 Learning Objectives

Covered over 20 hours.

- 1 Understand the Information Systems Audit process
- 2 Apply IT Governance and Risk Management principles
- 3 Evaluate IS Acquisition, Development & Implementation
- 4 Assess IS Operations and Business Resilience
- 5 Protect Information Assets with appropriate controls
